**APPLICATION FOR 2017 ARTISTS & WRITERS RESIDENCY**

Proposed type of Work:

Do you have special needs? (Thanks to a generous grant from the Maine Arts Council, Norton Island is wheelchair-accessible.)

Dietary restrictions:

How long have you been doing your art?

Have you had any recognition of your work? How? Who? Why? What?

Tell us a little bit about yourself and what you would like to accomplish during your residency:

Please send samples of your work alongside the nonrefundable application fee. Use your own judgment. It must be enough to give the judges sufficient material to judge the breadth and depth of your talent, yet not so much as to overwhelm their limited time to review the applications.

All applicants will be notified by April 15, 2017. Accepted applicants must commit to the residency within two weeks of notification.

International applicants are welcome! Residents are accepted from all over the world.

NOTE: If you have further questions about our facilities or program, please e-mail or write before you apply. Eastern Frontier prefers applications by post rather than the Internet. Families may not accompany the residents. Couples are allowed only when both spouses are accepted by the jurors.
